

TrueSTEAM™ A Quantum Leap In Application And Performance

MOUNTS IN MINUTES — Requires only a 1-3/4" cut into ductwork and mounts on a separate, lightweight bracket (included) for accurate leveling.

APPLICATION FLEXIBILITY — Can be remotely mounted up to 20 feet from the system.

EASY MAINTENANCE — No tools required to access and clean tank, which can save time on your annual contract service calls.

INDEPENDENT OPERATION — Provides humidity independent of equipment operation, allowing homeowners to reach their desired humidity setpoints — regardless of air temperature.

INCOLOGY 600 HEATING ELEMENT — A material designed to inhibit mineral build-up.

EXCLUSIVE SUPPORT — Honeywell supports you with a 5-year warranty, a toll-free hotline (1-800-328-5111), local experts, training, free literature, Contractor PRO™ rewards and more.

DUAL-ACTION WATER VALVE — Solenoid design automatically fills and drains when needed to prevent debris build-up in the tank.

FAIL-SAFE WATER SENSING — Multiple sensors (two low, two high and one ideal) sit in a separate compartment to accurately monitor water levels.

PATENTED* CONDENSATE COLLECT DOME AND NOZZLE — Prevents water from condensing out of the unit, delivering only true steam into the airflow.

COMMON-SENSE INTERFACE — LED lights indicate when system is running or needs service. Lights also provide feedback to the installer during installation.

CLEAN, PROFESSIONAL INSTALLATION — Push terminals for easy wiring (no screwdriver required) are routed through an interior harness so no wires are exposed.

ECO-FRIENDLY — Uses up to 70 percent less water to produce even more of moisture than traditional whole-house humidifiers. Plus, humidified air feels warmer, so your customers will be able to turn their thermostats down to help reduce heating bills.

* Patent pending

TrueSTEAM™

A Quantum Leap In Application And Performance

Control Options

Choose the humidity control option that is right for your customer. TrueSTEAM™ humidification systems can be controlled using:

VisionPRO® IAQ Total Home Comfort System

For integrated control of the home's temperature, humidification, dehumidification and ventilation from a single device.

TrueIAQ™ Indoor Air Quality Control

For automatic control of humidity based on both inside and outside temperatures. Provides homeowner with advanced humidity sensing and programming capabilities.

Manual Humidity Control

For simple control of humidity levels only. Allows homeowner to adjust settings as needed.

Which Model Do I Need?

Choose the Honeywell TrueSTEAM model that's right for your application using the table below.

SQUARE FEET OF SPACE	500	1,000	1,500	2,000	2,500	3,000
ARI* Recommended Output Delivery (GPD)	0.1	2.2	4.4	6.5	8.6	11.7
TrueSTEAM HM512 — True 12 Gallons						
TrueSTEAM HM509 — True 9 Gallons						
TrueSTEAM HM506 — True 6 Gallons						

TrueSTEAM Humidification System	
Part Number	Description
HM512VPIAQ	12-GPD TrueSTEAM with VisionPRO IAQ control
HM512DG115	12-GPD TrueSTEAM with TrueIAQ control
HM509VPIAQ	9-GPD TrueSTEAM with VisionPRO IAQ control
HM509DG115	9-GPD TrueSTEAM with TrueIAQ control
HM509H8908	9-GPD TrueSTEAM with H8908 manual control
HM506VPIAQ	6-GPD TrueSTEAM with VisionPRO IAQ control
HM506DG115	6-GPD TrueSTEAM with TrueIAQ control
HM506H8908	6-GPD TrueSTEAM with H8908 manual control

Accessories	
Part Number	Description
50024917-001	10' remote-mount kit
50024917-002	20' remote-mount kit
